

STATUS ON FUNDING FOR FY 2007 September 25, 2006

This fiscal year will end on September 30, 2006. At the present time, Congress has not passed an appropriation for the National Mediation Board (NMB) for Fiscal Year 2007. Due to the Anti-Deficiency Act, the NMB cannot authorize or expend funds beyond September 30, 2006.

While the agency anticipates that it will be operating on continuing resolutions, no funds will be authorized for travel if the continuing resolutions are less than two months in duration. For hearings scheduled in the months of October and November, the NMB strongly recommends rescheduling them until later in the fiscal year.

Under continuing resolutions, the Agency will make every effort to authorize some days that may be utilized for decisions. However, we will be doing so with minimal advanced notice.

The Agency will post updates.
