CAREER SUMMARY AND EXPERIENCE

I am a Labor Relations professional with extensive experience in Arbitration Advocacy, National and Local Contract Negotiations, Contract Administration, Health and Welfare Administration, and Labor/Management Cooperative Committees.

I recently retired from the International Brotherhood of Electrical Workers (IBEW) after a 45 year career working for Amtrak and the IBEW, the last 27 working full time for the IBEW. From August 2002 thru October 2019, I served as an International Representative with the IBEW, spending my first two years as a Railroad Department Representative, from 2004 to 2006 as the IBEW Personnel (Human Resources/Labor Relations) Director, and the last 13 years as Director of the IBEW Railroad Department. From September 1993 to August 2002 I was a full-time Assistant General Chairman/Legislative Representative for IBEW System Council 7. And prior to that I was a local union representative for approximately 19 years while also working as an electrician for Amtrak. During my tenure with the IBEW, I spent much time as an advocate for IBEW represented railroad employees in filing claims and grievances, representing employees at investigations, preparing arbitration cases, writing submissions, and arguing cases before NMB arbitrators. I would now like to put my experience to use as the neutral party in the progression of cases before the NMB.

EMPLOYMENT HISTORY

August 2002 to November 1, 2019

International Brotherhood of Electrical Workers (IBEW) – International Office

- **January 2006 to November 1, 2019 - Director – International Brotherhood of Electrical Workers Railroad Department**
